Location:	Kings Hill, Kent
Salary:	£18,000 - £22,000
Terms:	Permanent full time – Flexible working considered

A BIT ABOUT US

Here at Trooli, we're on a mission to banish buffering, vanish video call embarrassment and clear up those "up to" speed claims that give broadband a bad name.

How? By providing our **new, guaranteed, ultrafast, full fibre broadband speeds** to as many communities as possible across Kent, East Sussex and beyond.

We've already got the great network, now we need more **great people** to take us even further.

Think you can help? Here's why you should get in touch ...

- **We're passionate about growth**
We've come a long way in 2 years, from nothing to 50,000+ premises passed, 10 staff to over 100 and are now one of the most respected altnets in the industry – and that's just the start. But it's not just our network, we're passionate about ensuring our employees grow with us too.
- **We're passionate about our people**
At the heart of our culture is a belief that a company should be much more than politics and processes. That doesn't mean these don't exist, but it does mean that our people are the most important part of our business, that life here is that bit more fun and our high staff retention rates are something we're rightly proud of.
- **We're passionate about our customers** – wouldn't it be nice for a broadband network to be independent of Openreach and have complete control of where it builds and the experience our customers receive? Well, that's exactly what Trooli is and with an Excellent Trustpilot rating from our customers, it's clear we're doing something right!

THE ROLE

We require you to provide support to the Network Planning Manager and the Build team and to continually identify and implement improvements across the planning process operation to ensure that business objectives and outcomes are in harmony with Trooli's strategic goals. You will be required to - design and plan - FTTP access network infrastructure up to and including the customers premises.

The most suitable candidates for this will have previously worked in a fibre network planning position for the likes of BT, Virgin Media, City fibre, Hyperoptic, however, a trainee who can demonstrate good mapping skills and an aptitude for planning would be considered.

THE DAY JOB

- Support the Network Planning Manager with the design of the fibre-optic infrastructure and civils for Fibre To The Home networks. Designs to comply with overall planning guidelines to deliver cost effective and fit for purpose designs.
- Apply the design principles to develop a high-level / fundamental FTTP network plan for a given area to the agreed deadline/timescales. Design to include Job Packs, Bills of Materials (BoM) and Fibre allocations.
- To support the projects team by seeking authorisation and planning approvals from our external service providers.
- Updating database and self-serving data to produce detailed maps, identifying and following up missing or flawed information
- Gather and process information from multiple sources, to collate and communicate in logical and appropriate manner to varying audiences.
- To work with accuracy and speed to analyse, record and share information in an articulate, timely and simple manner.
- Desire to learn new skills within planning processes, and subsequently adhere to and role model great process practices.
- Maintain efficient communication within project team relating to status of all works and requests.
- Assist the Build Delivery managers and Build programme manager in continual development of the overall programme plans and processes.
- To look for ways to utilise as much existing infrastructure in the design as is possible and practical
- Undertake and supervise As-Built process including timely submissions

WE'LL LOVE YOU IF...

- Undertake and supervise As-Built process including timely submissions
- Working knowledge Google Earth, Paint and photoshop.
- Able to interpret maps and plans and interest in learning new mapping and GIS systems.
- Self-motivated organiser with excellent time management skills.
- Quick to pick up new systems and processes.
- Thorough in all working practices, processes and approach.
- Confidence with Microsoft office particularly excel (essential) and access (beneficial).
- High level of numeracy.
- Ability to multi-task and prioritise across a range of processes, dealing with rapidly evolving priorities effectively

AND IN RETURN, YOU'LL GET...

- 25 days paid holiday, plus bank holidays
- Generous life insurance policy
- Company sick pay after qualifying period
- Pension
- Career progression
- Free parking
- Friendly working environment
- Company laptop
- Employee referral scheme
- Cycle to work scheme
- COVID secure and risk assessed employer

OUR VALUES

- **Integrity:** be transparent and honest with our customers and with each other.
- **Passion:** be excited about what we do.
- **Develop:** invest in each individual.
- **Continual improvement:** work smarter, not harder.
- **Proactive:** take responsibility.
- **Teamwork:** support and collaboration.
- **Quality:** we do what we do well.

If you think you are the person we are looking for, please send your CV to alicerose.pitchley@trooli.com prior to the closing date
