A BIT ABOUT US

Here at Trooli, we're on a mission to deliver ultrafast, ultra-reliable broadband to communities across the UK that have been left behind by the so-called big boys – giving more people access to the broadband they deserve.

Our **new, full fibre broadband network delivers guaranteed, ultrafast speeds** and is already seeing huge demand – meaning we need even more **great people** to help our customers sign up!

Think you can help? Here's why you should get in touch ...

- **We're passionate about growth**
In just 3 years we've built an incredible network from scratch, that will pass 170,000+ premises by the end of this year, added thousands of customers, increased our staff from 20 to over 200 and are now one of the most respected altnets in the industry. But that's just the start, and we're just as passionate about ensuring our employees grow with us too.
- **We're passionate about our people**
We believe that a company should be about more than politics and processes. That doesn't mean these don't exist, but it does mean our people are the most important part of our business and we're extremely proud of our culture and our high staff retention rates.
- **We're passionate about our customers** – wouldn't it be nice for a broadband network to be independent of Openreach and have complete control of where it builds and the experience our customers receive? Well, that's exactly what Trooli is and with hundreds of 5 star Trustpilot reviews from our customers, it's clear we're doing something right!
